

# STUDENT WORKER PROGRAM

## 2019 QUICK FACTS FOR STUDENTS

### How do I know if I am eligible to apply?

To be eligible, you must:

- Be legally authorized to work in the U.S. This Program does not accept CPT/OPT/Practical Training type work authorizations.
- Be at least 18 years of age prior to the scheduled start date
- Completed at least two years of undergraduate studies by May 2019
- Have at least a 3.0 cumulative GPA as of the most recently completed semester
- Be enrolled in an undergraduate or graduate program for the period immediately following the summer program
- Be responsible for providing own funding for relocation, housing, and commuting

### When do the assignments begin and end?

Typically, assignments begin in May and last through August, depending on business needs and your availability.

### Can I apply to multiple positions?

The positions provided on the portal only represent the types of positions that will be available; they are not the actual positions that are available for placement. You may apply to more than one position however; we ask that you apply only to positions that best represent your interests and qualifications. All eligible applicants will be considered for opportunities within the program based on qualifications, interests, and geographic location. We encourage you to submit a cover letter to provide recruiters with a better understanding of your goals and experience.

### If I apply, when will I know if I am selected?

Given the highly competitive nature of the program, we cannot guarantee that all applicants will be placed. We conduct interviews on a rolling basis; students are contacted if they are selected by managers for an interview. Interviews typically occur between February and mid-April. Applicants who are not selected for a position will be notified via email by mid-May. Communications are delivered to the email address you provide when you register. An Applicant Tracking System is utilized to issue these emails so, please be sure to check your inbox or spam folder frequently.

### Where are assignments located?

Pfizer has locations throughout the U.S.; the online application process will ask you to identify which location(s) are feasible for you. **\*\*\*Please note financial assistance for travel or housing will not be provided.\*\*\***

### If I participated in the program in the past, can I apply again?

Students can participate in the Summer Student Worker Program for a maximum of two summers. Students who have applied previously would need to re-apply to be considered for the 2019 SWP.

### What do I need to do to apply?

Once you determine that you are eligible to apply, visit the [\*\*Summer Student Worker Program Job Portal\*\*](#) and select **New User** to create a profile. Once registered, you will have access to view and apply to position(s). Applications will be accepted through this portal until **March 8th**.
