

## INTERNSHIPS AT SENATOR SCHUMER'S NYC OFFICE

This internship program offers insightful hands-on experience in the operation of a Senate Regional Office. Intern responsibilities typically include: researching local issues, assisting in constituent service, preparing press clips, scanning various local media outlets, assisting at press conferences, and coordinating event logistics.

We are seeking current students or recent graduates from any course of study who have enthusiasm for government and politics.

This internship is unpaid, but we work with students if the school offers course credit.
