

# 2019 Credit Suisse Women's Mentor Program

## Are you a Sophomore interested in a career in financial services?

Applications are now open for the 2019 Women's Mentor Program on **April 4 - 5, 2019**. This highly selective, two-day career development program gives outstanding female college sophomores the opportunity to learn more about the various divisions and summer internship programs at Credit Suisse. Participants will gain early access to Credit Suisse leaders, mentorship, networking, and an accelerated interview process for our junior year summer internship program before Fall recruiting begins.

## Global Markets Program - including Sales and Trading and Equity Research:

As a Sales and Trading Summer Analyst you will develop technical skills for analyzing, underwriting and trading stocks, bonds and other securities, while rotating through both sales and trading desks. As an Equity Research Summer Analyst you will have the chance to work side-by-side with top-ranked Senior Research Analysts and gain an in-depth understanding of company analysis, as well as the overall investment process.

## Investment Banking and Capital Markets Program:

As an Investment Banking Summer Analyst you will gain exposure to the business, learn financial modeling and valuation techniques from experienced professionals, and contribute to innovative deals that are transforming today's corporate landscape. As a Capital Markets Analyst you will have the opportunity to develop your analytical skills by using various financial techniques, gain hands-on experience, and interact with external clientele as well as internally across multiple parts of the investment bank.

### Technology Program:

As a Technology Summer Analyst you will work alongside the teams responsible for creating products, services, and robust applications which enable the flow of financial information across the globe. You will learn how the latest technology is constantly adapting to meet the needs of our clients, drive value for our business, and build core platforms which are essential for the whole banking industry.

### Qualifications:

- Applicant must be a Sophomore graduating in either December 2020 or May/June 2021
- Selected participants must be available to attend both days of the program

**Deadline to Apply: Sunday, February 17, 2019 at 5pm EST**

### How to Apply & Stay Connected:

If interested in receiving additional information about the program and next steps, please submit [here](#).

You will receive an email at the end of January from our team with instructions to apply.
