

CITIZEN
SCHOOLS

NATIONAL
TEACHING
FELLOWSHIP

Inspire me.

All kids have the potential to succeed. But when so many schools and families are struggling, it takes an extra team to provide the experiences and relationships that help kids become learners and leaders. That team is the expanded learning time partner Citizen Schools.

Citizen Schools Teaching Fellows serve as AmeriCorps members for two years in public middle schools, serving students in their critical years and building relationships with their families, teachers and an extraordinary range of community members.

They'll grow.
And so will you.

THE TF EXPERIENCE

COMMUNITY CONNECTION

Impact student lives in and out of the classroom by engaging members of the community - parents, citizen teachers and local businesses alike!

ACADEMIC SUPPORT

Work closely with classroom teachers to reinforce lessons and provide homework support. Assist citizen teachers with delivery of apprenticeship delivery.

MENTOR / COACH

Help students navigate the trying middle school years. Build impactful relationships and help students develop key life skills not taught in the classroom.

PROFESSIONAL DEVELOPMENT

Serve your community while developing your professional career by taking advantage of ongoing training and development opportunities.

WHERE FELLOWS SERVE
