Northside Charter High School is seeking a Special Education Leave Replacement Teacher.

Professional Responsibilities:

- Establish and support strong classroom management and discipline, promote an active culture of inquiry, and a positive learning environment within the classroom.
- Bring enthusiasm and depth of knowledge to his/her subject area.
- Consistently review data and evolve his/her approach to obtain maximum results.
- Take an active part in professional learning community meetings and department committee meetings.
- Learn to incorporate technology into the instructional domain by taking part in digital knowledge-sharing and communication. Be open about using data as a tool for enhancing success.
- Work closely and effectively with CTT and ELL teachers as applicable.
- Create and implement lesson plans based on the Northside overview model, NYSED core curriculum, hands-on, experiential learning, group-work, and project-based learning.
- Develop multifaceted, differentiated curriculum that meets the needs of every student in the room.
- Consistently and accurately report student progress and maintain accurate and up-to-date PowerSchool and hard-copy records.
- Identify and create opportunities to expand his/her skills and actively engage in professional development practices.
- Communicate openly with students, students' families, colleagues and school management team.
- Maintain an ongoing student intervention log that speaks to and evidences the teacher's role in creating a consistent conduit between school and home.

Qualifications:

- New York State Permanent, Professional, or Initial Teaching Certification 7-12.
- Experience preferred; recent college graduates (who have completed student teaching requirements) are encouraged to apply.
- Energetic and inspired to actively engage with students within the framework of our school day.
- NYSED Fingerprint Clearance
