

Valhalla High School, a public high school in Westchester County, serves approximately 490 students in grades 9-12. Students come from the towns of Mt. Pleasant, North Castle and Greenburgh, which have long been strong supporters of the school. An engaged and challenging faculty and curriculum support a college-preparatory program as better than 90% of all graduates pursue post-secondary education upon graduation. With numerous athletic programs, clubs, student organizations, fine and performing arts opportunities to choose from, Valhalla High School students are more about being a part of a community than simply being high school students.

Valhalla High School Math Teacher Opening!

Are you ready for change...diversity...forward thinking?

Successful candidates will be able to create authentic assessments designed for real audiences, allow students to reach independence in their learning, integrate technology into their lessons beyond the use of the calculator, and create an environment designed for creative thinking, collaboration and student engagement. Additionally, experience teaching computer science is preferred.

All applications should be posted to olasjobs.org
