- Thesis or Capstone option
- Graduate Assistantships may be available

4 CONCENTRATIONS

each with unique graduate level classes, rotation sites, and career-furthering projects

Culinary Entrepreneurship
Nutrition and Physical Performance
Nutrition Therapy
Pediatrics

34 total spots available

75+ SITES

- Variety of experiences in large hospitals, small hospitals, outpatient care, hospital foodservice, school foodservice, nonprofits, and more.
- Themed rotations allow you to focus on one area at a time and move to new sites for different themes

COMMUNITY INVOLVEMENT

- Partnerships with local schools for nutrition and gardening education projects
- Sites serve communities across the greater St. Louis region
- SLU's Jesuit mission focuses on inclusivity and social justice

SUSTAINABILITY

- On-campus organic farm and orchard where you'll learn about planting, growing, and harvesting
- On-campus farm to table café where you'll learn about sustainable production
- Option to take Sustainable Food Systems as an elective class

STL LOVE

- Home to one of the largest urban parks in the US, *Forest Park*
- Known for *microbreweries* and *incredible restaurants*
- Ranked as one of the *most affordable cities in the US*
- Countless *free events & attractions*
- Award-winning *farmers markets*

FACULTY FAMILY

- Diverse faculty with a variety of research interests
- SLU community truly feels like family!

"It is so important during the internship to feel supported and at SLU I know everyone in the nutrition department is there to help me be successful"
- current dietetic intern
