MICROSOFT ACCESSIBILITY WORKSHOP

Join us for a demonstration of the latest accessibility features in Windows 10 and Office 365, including those focused on vision, hearing, neurodiversity, learning and mobility disabilities. We'll also share the various ways you can learn more, attend trainings and connect with experts for assistance and support.

Monday, November 18, 2019
12:00 – 1:30 pm
Library 227
Queens College, CUNY
