

# NUFP @ CUNY

The CUNY Central Office of Student Affairs invites you to consider the NASPA Undergraduate Fellows Program (NUFP) for your campus!

NUFP is a mentoring program for undergraduate students wishing to explore and better understand the field of student affairs and/or higher education.

Why start NUFP on your campus?

- Provide an opportunity for undergraduate students to explore a career in student affairs.
- Offer NUFPs the opportunity to be mentored by a student affairs professional.
- Allow NUFPs to connect and establish networks with fellow NUFP's at CUNY and possibly across the country.
- Opportunity for your campus to serve college students and ensure our profession has a pipeline of diverse staff ready to be leaders in higher education.

The Central Office is committed to developing and supporting CUNY students in this program and offering them opportunities to explore and learn about student affairs.
