

MEMORIES OF MIGRATION: MAKING A TALKING FAMILY STORY QUILT

Memories of Migration
Queens Library

Queens Library is offering a very special maker workshop where you can share your migration stories in a creative way. Different generations will partner up to tell the story of their family's journey. Partners can be from the same family but do not have to be -- you can even pair with a new friend you meet at the program.

This six-session workshop will lead partners through storytelling, simple electronics using Arduino LilyPads, and textile art making. The result will be a talking story quilt that the Fresh Meadows Community Library will exhibit to the public. We expect public interest in this creative storytelling artwork, and participants will take home a variety of new skills along with the artwork they create.

Registration is limited. Call the Fresh Meadows Library to sign up 718-454-7272.

ADMISSION IS FREE

Quilting Project funded by Fan Fox Leslie R. Samuels Foundation. This project was made possible in part by the Institute of Museum and Library Services IMLS grant LG-07-14-0067-14.
