

# Major National Awards

## Fall 22 - Winter 23 Scholarship Highlights

### Our Goal

The office of major national awards works with hundreds of prestigious scholarships each year. Our goal is to increase the number of Queens College students that apply to each one.

#### In order to do that, we need your help to:

- 1. Boost the attendance of our information sessions by forwarding emails to your students*
- 2. Sending the names of students who may be well suited to a particular opportunity*
- 3. Serve on scholarship review committee reviews,*
- 4. Write letters of recommendation*
- 5. Participate in workshops in your area of expertise*

### Overview

The Office of Major National Awards served more than **250 students** during the Fall semester across various platforms, including email, in-person meetings, Zoom and Navigate. We held **5 information sessions** between November 1st and January 9th for Truman, Beinecke, Goldwater, Udall, Watson, CORO, Lucy Cavendish of Cambridge-QC Master's study Abroad scholarship. These are among the most prestigious scholarships for undergraduates. They support students who hope to pursue careers in virtually any field work, among them: academia, law, government, STEM, and more they enter. Over these 5 information sessions we have had....

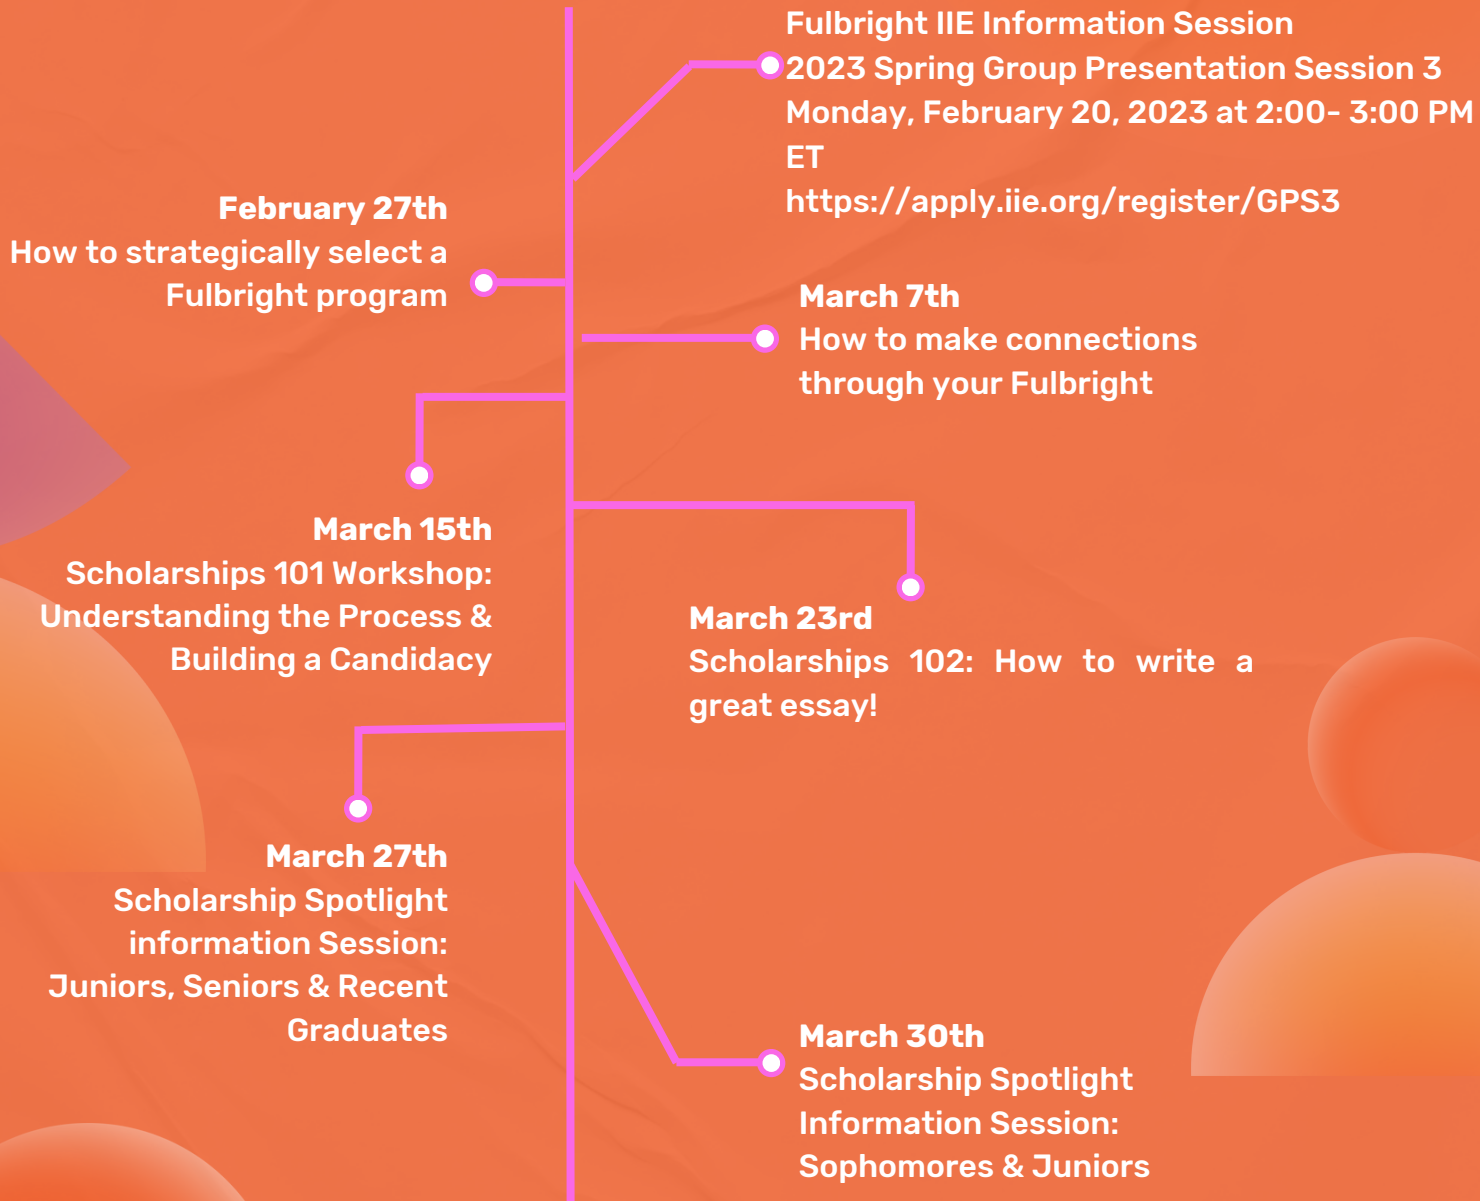

**174**  
registrants

**50**  
attendees

**18**  
applicants

What these numbers do not reflect, however, is the fact that a significant portion of these students registered for the information session on the recommendation of their instructors.

# Upcoming Sessions Spring 2023

**\*\*Announcements will be sent out to students and faculty once event details are finalized**
